

OUMAYMA ABDELLI

Full Stack JS Developer

@ abdelloumayma210@gmail.com
in oumayma-abdelli-99bb6815a/

✉ Street Habib Chatti, Manar1, Tunisia

📍 Tunisia

PROFESSIONAL EXPERIENCE

FullStack JS Training

Go My Code

📅 June 2021–present 📍 Tunisia

- Development of a web application for a dental doctor's office. .
Technology used: MERN stack (MongoDB, Express ReactJS ,NodeJS).

Master internship

LPMC(FST)

📅 January 2020 – March 2021 📍 Tunisia

- theoretical analysis of optical conductivity.
- Development of a digital code in Python allowing to describe the optical behavior of materials.

Research internship

CRTEN

📅 Summer 2019 📍 Tunisia

- Preparation of doped SnO2 tin oxide thin films by spin coating on silicon substrates from tin chloride dissolved in ethanol solution.
- Analysis of samples developed by "FTIR" characterization technique.
Devices used: FTIR, Spin Coating, Ultrasonic Bath, Magnetic Stirrer, Refrigerant System.

EDUCATION

Full Stack JS Training

Go My Code

📅 June 2021 – present

Master degree in the physics of condensed matter

Faculty of Mathematical, Physical and Natural Sciences of Tunis

📅 September 2018 - March 2021 📍 Tunisia

First Year rank: 3/13 Second Year rank: 4/10.

Bachelor's degree in fundamental physics

Faculty of Mathematical, Physical and Natural Sciences of Tunis

📅 Sept 2015 – June 2018

First Year rank: 20/167 Second year rank: 5/230 Third year rank: 5/98.

SKILLS

HTML5 CSS3 JavaScript ReactJs
NodeJS MongoDB Bootstrap
Git Python Matlab Latex
Linux Windows

CERTIFICATES

- HTML5 and CSS3 by Sololearn.
- Python for Data Science by Udemy.
- Physique numérique: Python by The Tunisian Community of Physics.
- Python Basics by Coursera.
- Programming for Everybody (Getting Started with Python) by Coursera.
- Quantum Computing by The Tunisian Community of Physics.
